Hi Rob,

I guess this is the SAP your reviewed. So this is the updated version. Let me know when you will have a chance to look it over.

Thanks,

David

Good Morning All,

I accidentally left off responses to some comments in the RTC matrix that I sent to you last week. Attached is the revised RTC table that includes the comments from Bob Burns on the SAP.

Attached are the responses to your comments on the Draft Radiological Management Plan for the radiological surveys at Building 3, select storm and wastewater lines, IR Site 12 and select transportation routes, and IR Site 32. We will be sending a red-lined version of the Final Plan on Monday.

If you have further comments or questions please call me. We would like to have the document completed by July 8.

Thank you.
